KULI Workshop, Göteborg (Sweden)
October 24\textsuperscript{th}, 2019

KULI Workshop
E-mobility and Thermal Management

kuli.magna.com
Thermal Management with KULI
October 24th, 2019

We would like to invite you to our free of charge E-mobility Thermal Management workshop. Throughout the course we will demonstrate typical applications of our software from basic concepts to advanced use cases. There will be the opportunity of a hands-on experience of KULI. The following topics will be covered:

- Electric components (batteries, electric motors, power electronic components)
- Cooling systems (heat exchangers, pumps, fans)
- HVAC systems (AC circuit, heater, passenger cabin)
- Modelling of operating- and driving strategies

Furthermore you will learn how to use KULI lab for a detailed analysis of simulation results, including:

- Thermal protection of single components and the whole system
- Range prediction
- Comfort investigations
